Table 1 Revision History

Date	Revision Level	Revision Description
	A	Initial release
2026-10-19	B	QMS transition to the new version of International Standard ISO 9001:2026

Quality Policy is aimed at the implementation of the Organization's mission - Leadership in *[Organization's business activities]* in the *[market orientation of the business]* market via *[the main competitive advantage, such as 'the application of innovative*

technologies’] for the benefit of customer, *[interested parties, such as ‘shareholders, suppliers and partners, employees, the state, society’]*.

The quality management system is planned, implemented, reviewed, and improved, considering the context of the organization as a set of interrelated processes in accordance with the requirements of international standard ISO 9001:2026.

The efficient process management and continuous improvement of the Organization is ensured by:

- planning and implementation of projects based on the organization’s strategic goals and development programs;

[End of preview. The remaining commitments of this Quality Policy — including actions to address risks and opportunities, sustainable development and climate-change impact, quality culture, employee competence and awareness, leadership accountability, and the full ISO 9001:2026 clause 5.2 conformance statement — are included in the full purchased document. Visit the [product page](#) to purchase the complete Quality Policy.]
